Yorke Peninsula Council Community Grants Scheme (CGS) Guidelines

This document sets out the application process for organisations and groups wanting to apply for a Community Grant from the Yorke Peninsula Council (YPC). Applicants should review these guidelines carefully before submitting an online application. By submitting an application, your organisation or group agrees and acknowledges that it is bound by these guidelines.

Applications must not be lodged unless all the eligibility criteria are met. The organisation or group must notify the contact person for the Community Grants Scheme if it becomes aware that any of the criteria will not be met subsequent to the application being lodged.

General Information

Yorke Peninsula Council’s Strategic Plan is focused on building on our strengths and working together to shape a sustainable future for current and future generations. Council continually seeks innovative ways to engage and support our community and improve the quality of life on the Yorke Peninsula.

Council aims to build and strengthen local networks within the community and encourage partnerships with Council in order to facilitate the effective use of community resources and encourage sustainability of services and programmes to benefit the whole community.

The Community Grants Scheme supports this by providing financial grants to community groups and not-for-profit organisations that provide a benefit to the wider community of the Yorke Peninsula Council region. These grants will be distributed in accordance with Council’s goals and vision as per Council’s Strategic Plan.

Purpose of the Grants

The purpose of the Community Grants Scheme is to assist eligible groups and organisations with grant funding by providing a contribution towards the total project cost as follows:

- For grants up to $1,000 (GST Exclusive) no contribution is required from the applicant.
- For grants over $1,000 and up to $5,000 (GST Exclusive) the applicant is expected to contribute $1 towards the establishment of the project for each $2 provided via CGS grant (e.g. $2,500 applicant: $5,000 grant – total of project $7,500 (GST Exclusive).

This contribution (GST Exclusive) may be provided in the form of financial contribution, voluntary labour (costed at $30 per hour) or goods in-kind and must be reflected in the project budget.

Council has made available $100,000 for distribution to community groups and not-for-profit organisations for the 2019/2020 Community Grants Scheme.

The maximum grant available for any individual organisation is limited to $5,000.

Note: The Working Party may consider applications that do not comply with these conditions under special circumstances.

Conditions of funding

All projects must demonstrate a contribution to the improved quality of life of residents of YPC through:

- Clearly stated aims and a practical plan for achieving the intended purpose;
- A clearly demonstrated Community need with project outcomes appropriate and proportionate to that need (evidence must be provided);
- Project outcomes that complement, rather than duplicate, other locally available services of a similar nature;
- Accessibility to the widest possible range of citizens living in the area of service.

Check that the timing of the funding programme is relevant to your project and that your organisation is ready to commence the project.

Successful applicants will be required to meet all expenses for the project prior to submitting an invoice to Council for agreed funding. If your organisation is unable to facilitate this requirement you will need to request advance funding at the time of your application. Acquittal requirements for this scenario will be advised should the application be successful.

Please ensure that you have the appropriate approvals or approvals in principle for your project to proceed. If your application is successful, Development approvals must be completed in order to receive grant funding. The allocation of a Community Grant does not waive your responsibility to obtain Development approval or any other approval required by Government or Local Government.

Organisations and groups considering putting in an application for funding, are encouraged to read the Community Grants Scheme Policy (Section 4.0 Policy Statement) available at https://www.yorke.sa.gov.au/content/uploads/2019/05/PO149-Community-Grants-Scheme.pdf before submitting an application. This Policy sets out the Conditions of Funding in more detail.

Frequently Asked Questions

If we received funding in the past, does this mean we will not be funded again?
No, unless you have failed to submit an acquittal for a previous grant. All applications will be considered for funding, however, in the event that the community grants scheme is heavily oversubscribed (i.e. the requests for funding are higher than available funds) the Working Party may not consider applications that received a community grant in previous rounds.

What is the maximum amount of money our organisation can apply for?
The maximum grant available for any individual project is limited to $5,000.

- For grants up to $1,000 (GST Exclusive) no contribution is required from the applicant.
- For grants over $1,000 and up to $5,000 (GST Exclusive) the applicant is expected to contribute $1 towards the establishment of the project for each $2 provided via CGS grant (e.g. $2,500 applicant: $5,000 grant – total of project $7,500 (GST Exclusive)).

This contribution (GST Exclusive) may be provided in the form of financial contribution, voluntary labour (costed at $30 per hour) or goods in-kind and must be reflected in the project budget.

Our group is not incorporated, can we still apply?
If your group is not incorporated you may wish to speak with another community group or a not for profit organisation about providing auspice services. This creates a way for non-incorporated groups to access grant funds and deliver projects to meet community needs.

If your application is successful the grant money will be paid to the incorporated body. They will be responsible for the finances, but your group will be responsible for the programme. A completed Auspice Form will need to be included with the application.

Can we purchase equipment with a grant?
Grants may be used to fund minor equipment purchases to assist with the continuation of core business, however, these cannot relate to recurrent operational costs. Recurrent costs are items purchased on a frequent basis (e.g. purchase of cricket bats by a cricket club)

When applying to fund a new appliance it is important to consider the ongoing running costs.

Can we apply for fundraising?
Applications that are made to seek donations to support your general operating costs will not be funded. Applications for equipment that supports your fundraising activities may be considered.
Can we submit more than one application in a year for a Community Grants Scheme?
No. Organisations and groups can only submit one application for a funding year. Applicants can consider combining projects into one application, however, a total of $5,000 per application will still apply.

Can organisations or groups apply for funding if they were unsuccessful in previous Community Grants Scheme rounds?
Yes. Organisations and groups what were unsuccessful in previous Community Grants can apply for the current Community Grants Scheme providing the eligibility criteria has been met.

What if our organisation doesn’t have access to the internet to complete the online form?
Where completing an online application is not possible, the Yorke Peninsula Council staff are happy to help. Our staff can arrange a time to meet with you and support you to complete the online form.

If you require any assistance in completing your application, please contact the Executive Assistant, Corporate and Community Services, Yorke Peninsula Council on 08 8832 0000 or admin@yorke.sa.gov.au.

Who assess the Community Grants Scheme Applications?
All applications are assessed initially by the Grants Working Party who make recommendations to the Council based on the Community Grant Scheme Eligibility Criteria.

The Council retain the right to endorse funding and make the final decision on offering grants.

If successful, when will our organisation or group received the Community Grants money?
Successful applicants will receive funding monies on completion of the project, receipt of tax invoice and completed acquittal form.
